Commissioner Underhill said that the starting point for any major decisions affecting Perdido Key is the Perdido Key Owners Survey run by PKA. It is the driving force for much of his decision making. He said that the bicycle path has more support than originally believed. The Commissioner believes that there would be two groups opposing the approval of the Master Plan. He encouraged members to come to the upcoming meetings to support the plan. Member Pat Schibline asked Underhill about beach nourishment and steps being taken to protect the beaches. Underhill said the only 26 rights of entry were waiting on signatures. He spoke about public beach access, jail issues, above ground versus below ground power lines, and a possible recycling program.

Alan Dennis made a motion, seconded by Charles Krupnick, to adjourn the meeting at 12:00 p.m.

Respectfully submitted,
